What color

iPhone7 series best? Of course is bright black, like piano black color so many fruit powder crazy, just wait for the Air Jordan shoes as custom color.

bright black but have a weakness, you need to care of love, a mobile phone shell, or "scratch" and "dark".

fact, bright black iPhone production process is very complex, according to the overseas digital website BGR reports, which requires accurate anodizing and polishing steps, although the surface and other Apple products as strong, but the high gloss surface easily suffered minor abrasions, so it needs to protect the shell of mobile phone.

these pictures are bright black iPhone7 Plus three months do not set mobile phone shell off photos provided by a foreign social network users, BRG reported:

can be seen from the above picture, no set of mobile phone shell after scratch obviously, the consequences will be grievous, so the shell or shell.
